

Regarding barrier-free access and viewing of exhibits

- Multipurpose restrooms catering for those in wheelchairs are located on the 1st, 3rd and 4th floors.
- Wheelchairs are available to be borrowed. Please inquire to the staff on the 1st floor ticket counter.
- * Please note that wheelchairs are limited in number.

- Writing devices are available at the 1st floor ticket counter.
- ⚠️ **The following exhibition rooms include effects and experiments that sudden and very loud sounds.**
2D Waku Eco Motor Land, 3C Denki Factory, 3D Electro Hall "Link to Cyberspace", 4F Construction World, 4I Science Stadium, 5D Mechanics, 5E Optics, 5G Orienteering, 5H Sounds, 5I Works

- Magnifying glasses are available at the 1st floor ticket counter.
- ⚠️ **The following exhibition rooms include effects that emit flashing lights or very bright lighting:**
3C Denki Factory, 4I Science Stadium, 5E Optics, 5F Illusion A, 5G Orienteering, 5I Works

- ⚠️ **The following exhibition rooms include effects and experiments involving dark spaces:**

3C Denki Factory, 3D Electro Hall "Link to Cyberspace", 4C Tetsunomaru-koen 1 chome, 4B Synra Dome, 4I Science Stadium, 5E Optics, 5F Illusion A

- ⚠️ **The following exhibition rooms contain effects that include sensory illusions:**

5F Illusion A, 5G Orienteering

- ⚠️ **The following exhibition rooms contain effects and experiments that generate electromagnetic fields or static electricity:**

2D Waku Eco Motor Land, 3C Denki Factory, 4C Tetsunomaru-koen 1 chome, 5G Orienteering, 5I Works

- There is a restroom usable by ostomates on the 3rd floor.
- *Note that hot water is not dispensed.

- There are baby seats in the multipurpose rooms on the 1st, 3rd and 4th floors, and in the 5th floor lactation space.
- There are baby chairs in the multipurpose rooms on the 1st, 3rd and 4th floors.
- There is a lactation space on the 5th floor. There is no hot or cold water.
- Please ask at the Science Museum offices on the 4th floor about borrowing the baby cars.
- *Please note that wheelchairs are limited in number.

- Automated external defibrillators (AED) are installed at the right side of the 1st floor main entrance and the Science Museum office on the 4th floor.

- The First Aid Room is inside the Science Museum offices on the 4th floor (there are no medical staff in attendance so it is not possible to make diagnoses or provide medicine).

- Please ask the Science Museum office staff on the 4th floor about places where you can pray.

- Dogs to assist the persons with disabilities (guide dogs, service dogs and hearing assistance dogs) are permitted to enter the building.

- Please check the information board in the Museum for information about free Wi-Fi.

Requests to visitors

- ⚠️ Smoking is prohibited in all parts of the Museum, as is the use of electronic and heated tobacco products (vaping).
- ⚠️ Drinking and eating inside the exhibition rooms are prohibited. Please use designated areas (such as the Group Lounge, etc.) to eat and drink in.

- Do not run inside the Museum as it is dangerous.
- Please take care of children to ensure no accidents or their getting lost.
- The escalator is solely for ascending until 16:30. Please use the staircases to descend.
- Please don't leave your baggage behind while you look around the Museum. Either use the coin lockers on each floor or carry your baggage by yourself.
- Please do not carry baby cars on the escalators as it is dangerous.
- In the case of emergencies, please follow the instructions of Museum staff.

Science Museum Information

Opening hours 09:30 - 16:50
(last admission at 16:00)

Closing days Certain Wednesdays*
(if the day is a public holiday, the next weekday)

Year-end holidays (December 28-January 3)

*The Museum opens on Wednesdays during the long school vacation periods.

Admission fees

	Adults	65 or over	Senior and Junior high school students	Children (aged four or over)
Individuals	950 yen	850 yen	600 yen	500 yen
Group	710 yen	710 yen	450 yen	350 yen
Special*	320 yen	320 yen	220 yen	160 yen

* Those with a Disability Certificate and one accompanying person

🚶 Tokyo Metro Tozai Line: About a 550m-walk from Exit 1b of Takebashi Sta.(T-08)
Tokyo Metro Tozai Line, Hanzomon Line and Toei Subway Shinjuku Line: About an 800m-walk from Exit 2 of Kudanshita Sta. (T-07/Z-06/S-05)

🚗 Shuto Expyw Inner Circular Route (outer loop): Straight after the Daikancho Exit
Shuto Expyw Inner Circular Route (inner loop): Straight after the Kitanomaru Exit

🅑 Kitanomaru Park parking lot 08:30~22:00

Science Museum

GUIDE MAP

Welcome to the Science Museum!

There are exhibition rooms displaying about 20 themes on the four floors from the 2nd to the 5th floor. You will be able not only to view the exhibits, but touch, move, drive or manipulate them and experience science and technology. Moreover, every day we host exciting experience-based programs including experimental shows and handicraft classrooms! Please try participating in them!

5th Floor	🚻 🚰 🚼 🚽
4th Floor	🏥 Science Museum Office (i) 🚰 🍽️ Light meals and refreshments (Closed: Irregularly) 👥 Group Lounge/Event Hall
3rd Floor	🚻 🚰 🚼 🚽
2nd Floor	👥 Group Lounge/Event Hall 🚻 🚰 🚼 🚽
1st Floor	🎫 Ticket Counter (i) 🛍️ Museum Shop 🗳️ Group Reservation 🚻 🚰 🚼 🚽
Base ment	☕ Café Cruise (Closed: Irregularly) 👥 Seating for 250 people [Tel: 03 3212 3930] *Guidance on the staircase 🚻 🚰 🚼 🚽

- 🚻 Restroom
- 🚰 Multipurpose Restroom
- 🚼 Coin Lockers
- 🚽 Baby Seat (in the lactation space for the 5th floor)
- 🍽️ Light meals and refreshments
- 🏥 First Aid Room
- 📞 Public Telephone
- 👥 Group Lounge/Event Hall
- (i) Information
- 🚰 Automated External Defibrillator (AED)

Exhibition Rooms Floor Map

◆ The museum closes at 16:50 daily. Even if you are waiting in line or in the middle of your turn, some exhibits may have to end. We thank you for your understanding.

2nd Fl.

2D Waku Eco Motor Land

Motor vehicles

Here you can learn through experiencing the fun of cars and motorbikes, safety and environmentally-friendly technologies.

Note: Please note that some of the equipment cannot be experienced due to height restrictions.

2E Monodukurium

Manufacturing

This is an exhibition of all sorts of equipment and products related to the evolution of "monodukuri (manufacturing)" technology. Among other exhibits, you can see a laser processor.

★ Paid Service ¥500 yen
● Ruler/acrylic medal manufacturing line
● Capsule toy machine "Kagikan gacha"

2F Bicycle Plaza

Bicycle

Here you can learn about all the changes in the shape and technology of bicycles from past to present.

3rd Fl.

3D Electro Hall "Link to cyberspace"

Electrical machinery, electrons, information, communications

Here you will find an introduction to the links arising from the fusion of the two worlds of "things" and "information."

3E Atomic Station Geo-Lab

Nuclear power

Here you can experience and learn about the various forms of energy in the world, the nuclear fuel cycle and deep geological repositories.

3F Medicine Laboratory

Medicine

Here is an introduction to the history of medicine, its development and how to use it safely. Please take part in the introductory medicine researcher rally.

★ The world of motors

Motors

Here is an introduction to the basic principles of how motors rotate, their practical use and application with modeling using motors and more.

- What is coal?
- Mechanism of meteorological equipment
- Mt. Fuji produced by ALOS (Advanced Land Observing Satellite)
- Bearing laboratory
- Look inside the motor!

3C Denki Factory

Electricity

Move the exhibits with your own hands to create all sorts of phenomena showing electricity.

5th Fl.

5D Mechanics

FOREST

Here you can learn about the mechanisms and movements of components that are essential for mechanics such as gears and pulleys using your hold body.

5E Optics

FOREST

Come and find out about the varied properties of light while experiencing each of the exhibits.

5I Works

FOREST

This room, where an enormous soap bubble and whirlwind experience device are featured, is a place where you can actually create exhibits and think about experiments.

5G Orienteering

FOREST

The numerous exhibitions lined up on this floor all contain tricks. Come and find out about the science behind these tricks.

5F Illusion A

FOREST

Is the brain easily tricked? Here you will be able to gain a real feeling of how easily it is fooled through all sorts of illusory experiences.

5B Illusion B

FOREST

Just by changing your perspective a little, you can come across unexpected events.

FOREST

Footsteps of Rallying Education, Science, and Technology
There is no commentary or explanation of the exhibitions in FOREST. It's a place where you can look for your own ways of playing and enjoying yourself, as well as creating your own unique experiences.

4th Fl.

4I Science Stadium

An experimental show is presented that seeks to find the principles and technologies of science used in everyday products around us.

4F Construction World

Construction

In this exhibition, that takes the form of a construction site, you can try out tower cranes, shield machines and enjoy all sorts of construction-related experiences.

4C Tetsunomaru-koen 1-chome

Steel

In this exhibition space that is based on the image of a park, you can feel with your own hands the fascination and amazement of steel.

4B Synra Dome

FOREST

Enjoy also sorts of scientific topics with images spreading fully across a dome screen measuring 10 meters in diameter. (Please note: All programs have no English subtitles.)

Event program

All program are only available in Japanese language

◆ The event programs are all subject to change, so please check the website or the exhibition room for details.
◆ Some event programs require numbered tickets to be distributed starting at the opening time of the day.

4B Synra Dome Quota: 62 people each time *Note: Admission not possible after program starts.

📺 Dome projection program Held on every day except 2nd&4th Saturdays
Enjoy all sorts of scientific topics with images spreading across a dome screen measuring 10 meters in diameter.
Dome projection (2D) 10:30- / 14:30- / 15:30-
Length: About 15-20 mins

📺 Science Live Show "UNIVERSE" Held on 2nd&4th Saturdays

This is a live science show conducted by researchers at the forefront of their fields.
14:00- / 15:30-
Length: About 40 mins

4C Tetsunomaru-koen 1 chome

👤 Experimental Classroom Held on weekdays
Experience the fascination of steel as a material through experiments!
11:00- / 15:00-
Length: About 15 mins

👤 Handicraft Classroom Held on weekends and public holidays

Reservations have to be made by the person attending
Quota: five people each time Eligible participants: Elementary school students and older
You can experience the fun of manufacturing through handicrafts using steel and metal.
10:30- / 14:00-
Length: About 60 mins

4I Science Stadium Quota: 27 people each time *Note: Admission not possible after program starts.

👤 Light and color experimental room
The mechanisms of light and color used in cameras and printers are explained through various experiments. 11:00-
Length: About 15 mins

👤 Let's think about the worlds water through "filtering" Held on weekdays

An introduction to filtering, which is a useful technique in solving problems in daily life and water shortages. 13:30-
Length: About 15 mins

👤 The mystery of textiles Held on weekends and public holidays

Here you can see the mysterious phenomena activated by manmade textiles.
Closed

👤 The power of lemons Held on weekends and public holidays

This is an experimental show where you can learn through experiments about the limonene and citric acid contained in lemons. 14:30-
Length: About 15 mins

3C Denki Factory

👤 Electricity, magnets and power Not held on Tuesdays
This is an experimental show about electricity and magnets using original experimental devices. 11:30- / 14:00- / 15:30-
Length: About 15 mins

3E Atomic Station Geo-Lab *Note: Admission not possible after program starts.

👤 Let's look at and measure radiation
This is a chance to observe the presence of natural radiation using measurement equipment. 10:50- / 14:15-
Length: About 15 mins

📺 What is geological disposal? Quota: 6 people each time

An interactive experience where you can learn about the future of energy in society and deep geological repositories. 10:10- / 11:30- / 12:25- / 13:10- / 14:30* - / 15:15-
* The show is sometimes subject to suspension.
Length: About 10 mins

3F Medicine Laboratory

👤 Challenge! Researching new medicine
Experiments focusing on the shape of medicines, and experiments to precipitate crystals from aqueous solutions are conducted. 11:00- / 15:00-
Length: About 15 mins

2D Waku Eco Motor Land

👤 The mechanism making cars run Held on Weekends, Monday
The characteristics of the running dynamism of cars are looked at using original models made by visitors. 11:30- / 15:00-
Length: About 15 mins

2E Monodukurium Quota: 10 people each time

👤 Laser original ruler Held on Weekends
Fee charged Restricted to certain visitors
Manufacturing experiences original rulers. 11:00- / 14:00-
Length: About 60 mins
